Ceremony 1952

16 April 1952

Dear Sirs:

We have just learned from the American Philosophical Society, that you have in your archives, a letter from Benjamin Franklin to Thomas Paine, dated September 27, 1785. Since Tom Paine's bronzes are to be unveiled at the Hall of Fame on the 18th of May, we would like very much to reproduce this letter in our program of the event. Will you, therefore, be good enough to send us glossies of this letter for reproduction (positive and negative), together with your bill. Since we are going to press within a few days, would you kindly send these reproductions to us as soon as possible.

Awaiting your kind response,

Sincerely yours,

Bertha L. Lyons (Mrs. N.)
